

Have you experienced continued headaches, dizziness, fatigue, insomnia, anxiety, noise/light sensitivity or loss of concentration/memory following a concussion?

Are you looking to connect with individuals going through similar experiences?

Then we invite you to attend the...

Mid-Peninsula Concussion Peer Support Group

Our goal is to support individuals with post concussion syndrome in the mid-peninsula community. We host meetings to provide opportunities for individuals to connect and learn from one another.

If you are interested in attending please call us at 650-319-6110 or email us at stanfordconcussion@gmail.com.

Made possible with support from:

Funding collaboration, volunteerism and change
